DUTIES AND RESPONSIBILITIES

DUTIES and RESPONSIBILITIES:

Plans, organizes, and oversees the activities of the Fire Protection Flight. Develops goals that achieve organizational objectives. Establishes, revises, or reviews policies, procedures, mission objectives, and organization design for the flight as necessary to eliminate work problems or barriers to mission accomplishment, promote team building, implement quality improvements, or in response to concerns with regulatory compliance and/or customer requirements.

Prepares schedules based on consideration of difficulty of requirements and assignments such that the experience, training, and abilities of the staff are effectively utilized to meet organization and customer needs. Provides subordinate supervisors and staff with direction and advice regarding policies, procedures, and guidelines. Reviews and structures organization to optimize use of resources and maximize efficiency and effectiveness of the organization. Balances workload and provides overall direction and vision to the subordinate unit chiefs on a wide range of fire protection, prevention, crash rescue, and administrative issues. Establishes metric and analysis systems for units managed to assess efficiency, effectiveness, and compliance with regulatory procedures.

Evaluates requirements for additional resources submitted by subordinate supervisors, and balances organizational needs with overall mission requirements and resource interests. Identifies need for change in organization priorities and takes action to implement such changes. Plans and schedules work in such a manner that promotes a smooth flow and even distribution, and ensures effective use of organizational resources to achieve organization goals and objectives as well as customer needs.

Represents the Fire Protection Flight with a variety of organizations and functional area organizations. Establishes, develops, and maintains effective working relationships with personnel, manpower, other staff officials, and municipal and other federal fire departments. Provides technical advisory services to management on all matters pertaining to fire protection and prevention. Negotiates mutual aid/support agreements with other local fire departments and other emergency services providers, reviewing agreements frequently and updating as required.

Assumes incident command at crashes, fire, or emergency situations, directing activities and personnel, transmitting instructions to Assistant Chiefs on the scene or other personnel as to the procedures to be followed. Personally takes charge when weapons or equipment are involved in fire, watching exposures and taking necessary precautions for protecting surrounding facilities. Assures that equipment is properly utilized, determining and using the more effective combative agent for various types of fires. Makes final determination as to the special actions for forcible entry or rescue to be taken.

DUTIES and RESPONSIBILITIES (Cont'd):

Determines need, budgets for, and recommends acquisition of additional and/or different fire protection, firefighting, and specialized rescue equipment, contract services, formal training, etc. Provides technical advice on fire protection aspects of engineering projects; aircraft operational training programs; munitions storage, processing, and handling; supply storage; fuel storage and handling; aircraft and vehicle maintenance operations; and utilization of buildings and facilities.

SPECIALTY QUALIFICATIONS:

- A. Completion of PME and required fire certifications for SMSgt (E8).
 - B. Must have a Secret Clearance.
 - C. Must be able to demonstrate a lift of 100 lbs
 - D. No record of pyrophobia, acrophobia, or claustrophobia.
 - E. Ability to speak distinctly.
 - F. Qualification to operate government vehicles according to AFI 24-301, Vehicle Operations.
 - G. Normal color vision as defined in AFI 48-123, Medical Examinations and Standards
 - H. AGRs are able to apply but there is no full time AGR funding for this position. (Reference AGR Announcement 21-337).
- Limited to those personnel in the Civil Engineer (3E) Career Field
Must hold at a minimum a 7-level in AFSC
