BRIEF JOB DESCRIPTION:

1. This position is located at Buckley Space Force Base, Aurora CO.
2. Must have or be able to obtain a SECRET clearance within 12 months of hire.
3. This is a Category 1 AGR position. Category 1 positions are fenced and cannot be moved or transferred outside of the unit assigned.
4. Applicants must be willing to relocate within a 60 minute commute to Buckley SFB. PCS funds subject to availability.
5. Individual and collective team training investment mandates that assignment/selection to WMD-CST requires a minimum three-year tour.
6. Prior to placement a completed health physical IAW AR 40-501 Chap.5 (Airborne) or CST OSHA Occupational Health Physical will be required if selected for the position. POC for any questions regarding this requirement is: CPT James Miller, 8th CST Physician Assistant, at 720-250-2886 or james.l.miller424.mil@mail.mil.

Duties and Responsibilities:

The WMD CST is a mix of Air National Guard and Army National Guard personnel. The team is currently responsible for both state and national level response. Hazardous materials response training is highly desirable. Applicants should possess a high degree of fitness and physical stamina in order to perform extended operations in heavy protective gear.

Member will respond to suspected terrorist attacks using Weapons of Mass Destruction (WMD) and production or storage sites involving chemical, biological, and radiological materials. Will serve in a two person team specifically charged to perform reconnaissance or sampling. Team members will assist first responders in the presumptive identification of hazardous materials. Survey Team members will perform reconnaissance of possible hostile areas containing hazards that are a high health risk. Survey team members will perform sampling of hazardous chemicals and biological agents, and identification of radioactive isotopes. The team may be asked to determine the affected area perimeter and level of concentration. All Survey Team members will maintain and operate technical equipment and Personnel Protective Equipment (PPE) under rigorous, stressful conditions. Members are expected to obtain advanced proficiency in chemical, biological, and radiological concepts. Survey Team Members must be or be able to become Hazmat Technician certified under civilian NFPA 472 standards. This position requires an above average amount of TDY due to high operations tempo and training requirements. All team members are required to respond to a no-notice 60 minute recall to Buckley AFB at all times unless otherwise approved.
