DUTIES AND RESPONSIBILITIES

DUTIES and RESPONSIBILITIES:

The minimum to maximum grade range listed in this announcement IS NOT FOR PROMOTION, but is listed as a requirement TO APPLY to the position.

See AFECD for Specialty Summary, Roles and Responsibilities, and Specialty Qualifications.

Member must have at minimum 5-level AFSC in 4N051.

Direct Patient Care: Performs comprehensive clinical nursing tasks, monitors physiological measurements, and administers prescribed medical treatments and therapeutic procedures. Within deployed operations, the element provides vital outpatient, emergency trauma, and cardiac stabilization care, alongside dedicated aerospace medicine support and rapid-response In-Flight Emergency (IFE) coverage.

ASIMS & Grounding Management: Actively maintains and audits the Aeromedical Services Information Management System (ASIMS) to track individual medical readiness (IMR) and manage grounding status.

Waiver Tracking: Utilizes Aeromedical Information Management Waiver Tracking System (AIMWTS) to manage flight/SOD waivers under flight surgeon oversight.

Physical Exams: Facilitates and administratively processes physical examinations procedures, medical standards, and duty limiting conditions. Knowledge of Physical Examination Processing Program (PEPP)

Flight and Operational Medicine Duties: Serves as a front-line preventionist who identifies and recommends strategic mitigations to the deployed commander to minimize aerospace, occupational, environmental, and public health risk factors before they impact mission effectiveness. In this capacity, the technician directly supports the flight surgeon by developing comprehensive flying safety and deployment briefings, while actively assisting in aircraft mishap and physiological incident responses, investigations, and formal reporting.

DUTIES and RESPONSIBILITIES (Cont'd):

Schedules and/or conducts in-service training on procedures, techniques, and equipment to include but not limited to tactical combat casualty care (TCCC), emergency triage, and patient litter transport

Must attend Flight Operational Medical Technician (FOMT) training within six months of being awarded SME position.

SPECIALTY QUALIFICATIONS:

Must follow UTA schedule, no quarterly drill offered.

APPLICATION PROCEDURES

Interested applicants who meet the eligibility criteria listed in this announcement may apply by submitting the below listed documents to the location below. Complete applications must be received no later than 2359 on or before the closing date.
