BRIEF JOB DESCRIPTION:

Special Forces Battalion Forward Support Company Maintenance NCO

Position Overview

Serves as the senior maintenance manager for the Forward Support Company supporting a Special Forces Battalion. Responsible for planning, coordinating, and supervising all field-level maintenance operations across motor pool assets, weapons, communications equipment, and specialized SOF mobility platforms. Advises the FSC Commander, First Sergeant, and Battalion S-4 on maintenance readiness impacts, ensuring company and battalion elements remain fully mission capable.

Duties and Responsibilities

- Manages and oversees daily maintenance operations within the FSC motor pool, ensuring all scheduled and unscheduled services are performed to standard.
- Tracks equipment readiness, service intervals, and fault resolution; maintains accurate data within GCSS-Army and reports status to Battalion S-4 and FSC leadership.
- Coordinates with ODA Team Sergeants, Company leadership, and battalion maintenance personnel to identify and prioritize maintenance tasks supporting SOF operations.
- Ensures proper troubleshooting, repair, and verification of faults on tactical wheeled vehicles, generators, trailers, small arms, comms gear, and specialty SOF mobility equipment.
- Manages parts ordering, supply reconciliation, and shop stock levels; ensures timely procurement and accountability of Class IX repair parts.
- Enforces safety standards, environmental regulations, and proper use of tools, equipment, and facilities.

- Develops maintenance SOPs, service schedules, and quality-assurance systems to improve efficiency and readiness across the company.
- Oversees technical inspections, dispatching procedures, equipment records, and maintenance documentation in accordance with Army and USASOC standards.
- Supports deployment preparation by validating equipment serviceability, load plans, dispatch packets, PLL readiness, and mission-essential equipment configurations.
- Ensures weapons maintenance readiness across company personnel; coordinates armorer operations and periodic inspections.
- Advises the FSC Commander and senior NCOs on maintenance trends, fleet health, and operational impacts.
- Trains and mentors junior mechanics, maintainers, and support Soldiers on diagnostics, proper repair techniques, and maintenance management systems.
- Coordinates with external support agencies, installation shops, and sustainment brigades for higher-level maintenance or specialized repairs.

Key Competencies

- Expert knowledge of GCSS-Army, ULLS, technical manuals, and Army maintenance doctrine.
- Strong mechanical proficiency across SOF-assigned vehicles, weapons, generators, and mobility equipment.
- Effective leadership and communication skills across multiple companies and staff sections.
- Ability to maintain high readiness standards in dynamic, fast-paced operational environments.
